Antibacterial Foam Soap - Eliminates 99.99% of germs & bacteria

## Aero® FOAM SOAP SYSTEM

The leader in foam soap technology, DEB SBS offers a high quality, antibacterial foam soap with triclosan. 99.99% effective in killing common germs and bacteria. This product has a fresh light floral fragrance and contains moisturizers and emollients for the skin making it ideal for frequent use environments. Recommended for public restrooms, patient rooms, and any non-acute area of a medical facility. Foam spreads rapidly across the hands for more thorough coverage and provides more hand-washings per cartridge.

*"Handwashing is the single most important procedure for preventing the spread of infection. Strict adherence to clean-hand policies alone could prevent the deaths of up to 20,000 patients each year" - according to the Center for Disease Control and the US Department of Health and Human Services.*

- Perfectly suited for the healthcare, hospitality and food preparation industries.
- More handwashings, fewer cartridge change outs. Each 1-liter cartridge provides up to 1,400 handwashings.
- Foam covers the skin faster than traditional liquid soaps.
- Foam lathers instantly, so less water is used and wash time is cut in half!
- Fresh, light floral scent.

Order Number	Unit Description	Units Per Case	Shipping Weight Lbs./Case
